

Health Consultant Services

Steuben Child Care Project ensures that all modalities of child care programs have access to services that promote a strong healthy environment. SCCP employs a part time Registered Nurse who provides health consultancy services that support child care providers throughout Steuben County. The services provided include, but are not limited to;

- Facilitation of the Medication Administration Training,
- Assisting providers and programs in complying with regulations pertaining to the health care plan requirements for the administration of medications,
- Providing trainings which enhance the professionalism of each provider's program,
- Acting as a resource person for questions regarding the growth and development of infants and toddlers and for the care of mildly ill children.

These services can be provided over the phone by calling *Bonnie Taggart* at 607-776-2126 ext. 241, through email taggartb@proactioninc.org or, by conducting onsite visits to the program. All licensed, registered, prospective and legally-exempt providers/programs are eligible for health consultant services.

Other health care resources that may be available to the child care community include but, are not limited to;

- Child Health Plus- New York State health care plan for children sponsored by the NYS Department of Health. Eligibility depends on gross family income, 607-776-7611 or click on the following link <http://www.nyhealth.gov/nysdoh/chplus>
- Health Ministries of the Southern Tier- provides health services for the poor and uninsured with annual incomes below 200% of federal poverty guidelines, 607-962-2032 or click on the following link <http://www.sthealthministry.com/>
- Rural Health Network- coordinates information, services and planning around local health care needs to promote better health care services in rural America, 607-776-9467 ext. 226 or click on the following link <http://www.steubnrhn.org/>
