

Infant and Toddler Services

New York State has established an Infant and Toddler Technical Assistance Network that provides support services provided throughout the state. Steuben County is part of the Office of Children and Family Services, Region II network. The network utilizes the Theory of Change Outcome Based Model which includes a multi-level of services that enhance and support high quality care for infants and toddlers. The Region II Theory of Change Model is based on the Ten Components of Quality Infant Toddler Care which is anchored in evidence-based practices and scientific research.

SCCP employs an Infant and Toddler specialist who coordinates the infant and toddlers services throughout Steuben County to the following disciplines:

- Family Child Care Homes
- Group Family Child Care Homes
- Child Care Centers
- Legally-Exempt programs
- Families
- Agencies serving children and families
- Provide assistance and support to trainers Region II

SCCP's infant and toddler services include, but are not limited to:

- Information on best practices in infant and toddler care
- Information on current research and developments in the field
- Technical assistance for existing and potential caregivers serving infants and toddlers
- Training and workshops
- A lending library of resource books, journals, and videotapes
- Answers to questions and concerns
